

## **1. About this guide**

This guide is for volunteers at the (fictional) Green Hills Community Clinic. It explains opening hours, services, fees and what to do in an emergency. Read it once fully before your first shift. Ask the clinic coordinator if anything is unclear. This guide is updated every six months.

## **2. Opening hours**

The clinic is open Sunday to Thursday, 9:00 to 17:00.

On Friday the clinic is closed. On Saturday only the vaccination room is open, from 10:00 to 13:00. During Eid the clinic closes for five days.

Volunteers should arrive 15 minutes before opening to prepare the waiting room.

### 3. Services and fees

The table below lists our main services and fees in taka.

Children under five and people over 65 pay no consultation fee.

| Service              | Fee (taka) | Days           |
|----------------------|------------|----------------|
| General consultation | 200        | Sun to Thu     |
| Vaccination          | free       | Sat, Sun       |
| Blood pressure check | 50         | every open day |
| Dressing a wound     | 150        | Sun to Thu     |

## **4. Emergencies**

If a patient has chest pain, heavy bleeding or trouble breathing, call the duty nurse at once and then call 999.

Never give medicine yourself. Volunteers may only give water and comfort.

Write down the time and what happened in the incident book.
